Good afternoon, employee-owners:

Below is an update on our COVID-19 response. The first part is additional information and the second part provides answers to the questions that have been submitted.

**ADDITIONAL INFORMATION:**

- Attached is additional information regarding face masks and tips to reduce fogging of safety glasses. If you have additional suggestions, please send them to [covid19@garney.com](mailto:covid19@garney.com) so we can continually update this list.

**QUESTIONS SUBMITTED:**

1. **In Mike's 4/09 update, he stated that Garney "anticipates receiving a large quantity of surgical masks by the end of next week"; what is the status of these masks and how can individual jobsites receive their portion?**

ANSWER: The surgical masks were supposed to arrive last week, but they didn't. The latest update we received this morning is that part of the order has shipped and part has not. The part that has shipped should arrive this week. As soon as these are received, we will get them out to the field as soon as possible.

As always, please continue submitting your questions to [covid19@garney.com](mailto:covid19@garney.com).
