Subject: COVID-19 Update 8-3-20

Bonjour employee-owners:

Below is an update on our COVID-19 response. The first part is additional information and the second part provides answers to the questions that have been submitted.

ADDITIONAL INFORMATION:

- It can be very confusing trying to determine what COVID guidelines and recommendations to follow. Guidelines are being provided by the Federal government, states, cities, and even local school districts. It is difficult to figure out what guidelines to follow and they seem to change every day. To clear up any confusion about what Garney is following, we are following the Essential Worker Guidelines outlined by the CDC for the 16 Critical Infrastructure Sectors. Depending on where you are located, additional or different guidelines may apply. We will do our best to update you on any changes to the CDC guidelines we are following.

QUESTIONS SUBMITTED:

No questions were submitted over the weekend.

As always, please continue submitting your questions to covid19@garney.com.

Happy Monday and enjoy your week!

Mike Heitmann
